

Flexo Wash Around the World

25 years ago Flexo Wash was founded by an inventive Danish label printer who faced the increased requirements for improved print quality as well as a safe and efficient production.

He strove to create cleaning units that would reduce downtime on his press. The first Flexo Wash Parts Washer was built by using his old dishwasher. Later he started building other machines where he could recover the anilox cell volume completely in only a few minutes.

Through continuous innovation and development Flexo Wash today distributes a diverse line of highly advanced cleaning equipment for all sectors of the industry.

The products are distributed around the world through a wide network of subsidiaries and distributors making Flexo Wash the world's leader of flexographic and converter cleaning technology.

During the years more than 3000 machines have been installed.

Flexo Wash is constantly developing their products and strives to make innovative solutions meeting the demand of the customers while being user friendly at the same time.

LEAN Your Production

The mission of Flexo Wash is to help you improve your productivity, keep a constant print quality and a safe and healthy working environment.

Reduction of downtime, waste and investments in aniloxes, plates, ink and material is a key factor for every label printer together with the brand owners needs for a high, constant print quality and short delivery times. Having the right washing equipment covering all your washing needs will help you optimize your production and to get the most out of your printing press.

All Flexo Wash products are designed for a LEAN production:

- We customize our equipment to fit the growing complexity of cleaning needs, using specialized holders for anilox rolls, doctor blade chambers etc.
- All Flexo Wash machines have a 100% automatic washing process eliminating any manual labour in the washing process.
- The perfect cleaning result created in a Flexo Wash machine has its origin from a label printer and is achieved by 25 years of constant development.

Ask Flexo Wash for a complete package deal to cover all your washing needs in order to LEAN your production and obtain an optimum output from your printing press.

Want to see it work in your own production?

We know that seeing is believing and would therefore like to show you what our washing machines can do to help you LEAN your production.

Ask your local Flexo Wash representative for a demonstration of our equipment at your own factory.
